EA Games announces Red Alert 3 on March 5th, 2010 I couldnt get it to run without the English language pack. So now I have two english game packs and two russian language packs. Then where am I? I don't speak Russian, so I'm stuck with two russian language packs. This is a very bad experience. A: I played Red Alert 3 on another Steam account on Windows 10. I needed to install the Russian language pack, not the one-by-language command-line install, but the.msi binary installer. The installation is fairly straightforward and the installer lists the available languages, which can be selected. It all worked out of the box on my Windows 10 installation. Trump said he wants to talk to the North Korean leader about a "very important subject" while also being "very flexible" on the summit. He did not elaborate further. "If it's the right thing to do for the world and if it's the right thing to do for North Korea, I would do it," Trump said. The president has long been intent on getting North Korea to agree to give up its nuclear weapons. He has made "denuclearizing" North Korea a top priority, but Pyongyang has refused to pledge to do so unless the U.S. halts its joint military exercises with South Korea. North Korean state media warned Thursday that a Trump-Kim summit would be a "
